

R&R keyboard pcb with controller RR-P-415A

W x H x D	309.8mm x 114.3mm
Interface	Matrix interface designed for keyboard controller RR-P-421(DNR19122) or similar. Night design option each key with 3mm LEDs 2Pins +/- 0..300mA Power supply depends on LED colour (6 LED in a row)
layout	W95L - Laptop computer - 92 pushbuttons
Grid	19,05mm x 19.05mm (3/4")
contact	Designed for silicon rubber keys with 10mm contact ring for example DNR7467 or DNR11001
Pushbutton type	LT4, LT4FM, V6
Key-codes	Similar W95 laptop keyboard Laptop or customized multiple key assignment through several toggle keys: shift-key, ALT-key, FN-KEY, NUM LOCK key n-key rollover
drawing	DNR13500
similar pcbs	See RR-P-423 (DNR21339), RR-P-305
Type series	W95L (415)

RR-P-415
